Overview

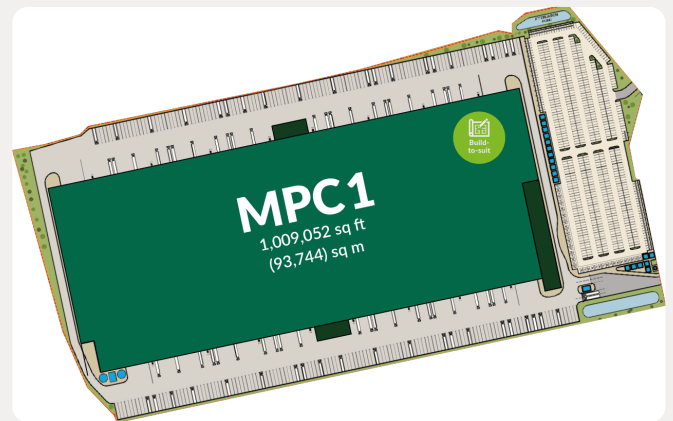

MPC1 at Magna Park Corby is a premier logistics warehouse offering over 1 million sq ft of Grade A industrial and logistics real estate. Strategically positioned adjacent to the A43 and just 13 minutes from the A14, it provides seamless access to London, the Midlands, and key east coast ports. As part of one of the UK's largest logistics parks, MPC1 is ideal for businesses seeking built-to-suit warehouse solutions within a thriving logistics development.

Features

This commercial land development provides flexible logistics warehouse space suitable for a range of occupiers. Whether you're looking for a built-to-suit warehouse, merchandise warehouse, or logistics industrial development, MPC1 supports scalable solutions for evolving operational needs.

Sustainability

MPC1 is designed with sustainability in mind, aligning with modern standards in industrial development. The site supports low-carbon operations and future-ready enhancements. As part of GLP's commitment to responsible real estate development, MPC1 contributes to a greener logistics future.
