Warehouse for rent in Toruń – GLP Toruń Logistics Centre

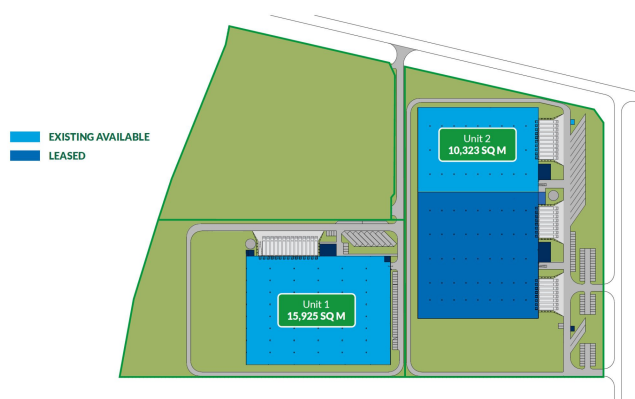

GLP Toruń Logistics Centre is a modern warehouse park located along the S5 expressway, in close proximity to the A1 motorway and national road DK91. Its excellent location allows for efficient transport connections to Gdańsk, Warsaw, and Poznań, as well as convenient access to major seaports. The facility serves as an ideal distribution base for companies across various industries. Situated in the heart of the Pomeranian Special Economic Zone, the investment attracts blue-chip and high-tech enterprises seeking a stable operational base in the region.

Modern warehouse facilities supporting business growth

The centre offers functional warehouse modules that can be easily adapted to the needs of different sectors. High-quality construction, modern infrastructure, and a well-designed loading dock layout ensure smooth and efficient logistics operations. The investment has been designed with both efficiency and user comfort in mind, also providing access to a large pool of skilled labour from Toruń and nearby cities. It is a flexible space that supports the growth of businesses of all sizes.

The region's business potential in one location – GLP Toruń Logistics Centre

The location of the centre provides excellent conditions for companies seeking modern, well-connected space for their operations. The investment offers high warehouse standards and flexible solutions tailored to the individual needs of businesses from various sectors. It is an attractive operational hub that fosters business growth and logistical efficiency. GLP Toruń Logistics Centre combines strategic positioning with the economic potential of the region, creating a strong foundation for continued expansion.
