Overview

Ingolstadt Logistics Centre is located in InterPark, an intermunicipal industrial zone between Großmehring and Kösching, in the Eichstätt district. It is one of southern Germany's largest business parks, directly connected to Ingolstadt and within reach of the Munich and Nuremberg metropolitan areas. The site benefits from dual direct access to the A9 motorway (Lenting and Ingolstadt-Nord interchanges) and a dense road infrastructure, making it ideal for regional and national logistics operations.

Features

The building offers 10,588 m² of warehouse space, 2,062 m² of mezzanine, 618 m² of office space and 72 m² of social areas. It includes 12 dock doors, 2 ground-level ramps, 12 m clear height, 7 t/m² floor load capacity and 43 car parking spaces.
