Marq Logistics Poznań IV: the space your business needs to move forward

Marq Logistics Poznań IV is a modern logistics park in Komorniki, designed to support efficient distribution and business growth. Located in one of western Poland's leading logistics hubs, the property offers more than 85,000 sqm of warehouse and office space, with excellent access to Poznań and key domestic and international transport routes.

Its proximity to the A2 motorway and the S5 and S11 expressways provides fast connections to Warsaw, Berlin and major European markets. Modern infrastructure, a clear height of up to 12 metres, 70 loading docks and extensive parking facilities create an efficient environment for logistics, e-commerce and distribution operations.

Energy-efficient LED lighting and a BREEAM In-Use Excellent certification reflect the property's high standard. Marq Logistics Poznań IV is a strategic location that helps businesses operate more efficiently and grow with confidence.
