Overview

Ideally located just outside Bordeaux, in the heart of a dynamic industrial area, Marq Logistics Bordeaux South 2 benefits from a prime position on the Atlantic logistics corridor. With direct access to the A10 and excellent connections to major European economic hubs, the site offers outstanding accessibility for transport and logistics operators. Situated within a mature and attractive logistics environment, this 7,359 m² facility provides future occupiers with access to a significant consumer base, a skilled workforce, and a premium location at the gateway to the Bordeaux metropolitan area.

Key Features

Marq Logistics Bordeaux South 2 offers a total surface area of 7,359 m², including 7,190.9 m² of warehouse space with integrated dock offices, 120.2 m² of first-floor offices, and 48.1 m² of technical areas. The building is equipped with 6 dock-level doors and 2 level-access doors. A 10-metre clear height and a 31-metre truck yard ensure smooth and efficient manoeuvring for transport operations.

The site is strategically located – 10 minutes from the A63 and 20 minutes from Bordeaux – making it an ideal hub for regional and long-distance logistics.
