Overview

MPC 4C at Magna Park Corby is a premium logistics warehouse located within one of the UK's largest dedicated logistics parks. Positioned strategically on the A14 corridor, it offers seamless access to London, the Midlands, and key east coast ports – making it ideal for national distribution. This built-to-suit warehouse spans 70,682 sq ft and is part of a wider logistics industrial development that supports up to 1 million sq ft of logistics warehouse space.

Features

Designed to meet the demands of modern logistics and industrial real estate, the site benefits from proximity to major transport hubs including Birmingham and East Midlands Airports, and national rail freight terminals.

Sustainability

Marq Logistics' sustainability standards exceed industry benchmarks. As part of our commitment to responsible real estate development, the site supports carbon reduction and biodiversity initiatives – ideal for businesses prioritising ESG in industrial development.
