# NEUSTADT / COBURG LOGISTICS CENTRE

## NUREMBERG ECONOMIC REGION

Located between the established markets of Western Europe and the emerging countries of Eastern Europe, the Nuremberg region forms a perfect transportation hub. With the A3 / A6 / A9 / A73 highways, a well-developed rail network, an international airport and the Main-Donau-Canal, the most important traffic routes are available – a major reason why almost all well-known logistics service providers are represented locally. A total of 27 million people can be reached within a radius of 300 km around Nuremberg.

Nuremberg has an annual GDP of €25 billion. The automotive industry alone employs 85,000 people in around 500 companies. More than 107,000 people work in the region's logistics industry.

The property is located in Neustadt / Coburg, directly on the B4, which connects to the A73 in about 9.6 km. This allows a good connection to the relevant markets in southern Germany such as Nuremberg, Ingolstadt, Regensburg, Stuttgart and Munich.

Neustadt / Coburg is part of the Nuremberg logistics market with strong 3PL's such as Elflein, Spediton Schäflein and Geis Group. Coburg (approx. 15km away) is an economically relevant region in Northern Bavaria with a number of companies from the industrial sector (Brose, Schaeffler, Waldrich, Gaudlitz, Lasco, Kapp-Niles, etc.) and well-known e-commerce providers (Amazon, Baur Versand, Adidas, Puma, etc.).

### Strategic location

A strategically well located site with connection to the A73.
