Prime Development Site

J13/A42, A511

G-Park Ashby de la Zouch is a site with outline planning permission for the development of up to 736,487 SQ FT of warehouse space. The planning consent allows for the development of either one or two units depending on customer requirements.

The prime development site is centrally located in North West Leicestershire at the heart of the Golden Triangle for logistics. The site which was formerly occupied by 'The Lounge Coal Preparation and Disposal Point' is being brought forward to be re-developed to provide Grade A modern logistics space in a prime location. The park benefits from excellent access being directly adjacent to the A42 and A511 with links to the M42 to the South, and M1 and East Midlands Airport 10 miles to the North East.

The new unit(s) will be built to GLP's enhanced specification including an 18 M clear internal height. In line with GLP's sustainability commitment, the development will be built to BREEAM UK Excellent level standards and will include a range of innovative environmental features, such as rainwater harvesting and an online energy dashboard to help customers proactively manage their energy consumption.

Strategic location

Provides access to the M1 (Junction 23A) 10 miles to the North East and the M42 to the South.

Sustainable benefits

Built into every development at no extra cost including rain water harvesting and extensive natural light provision.

Strong labour pool

As an established logistics location, Ashby-de-la-Zouch boasts a large and suitably skilled labour force.

Well placed to service the rapidly expanding Midlands market and emerging logistics locations like the A42/M42 corridor

GLP are building high quality, state of the art logistics and distribution facilities with increased height, power, floor loading and yard space.

Early 2022 forecasts over £120 billion in UK online purchases by the end of 2021 and the first quarter of 2022

During 2020 online sales in the UK saw a significant increase of 46.5%

With a turnover of around \$105 billion in 2020, the United Kingdom is the fourth largest e-commerce market

Responding to the need for increased floorspace to keep ahead of the continued growth in online shopping

A strategic location for logistics

Workforce

Ashby serves as a prime location for logistics, being home to a number of leading occupiers and well known brands including Amazon, CEVA, Siemens, Howard Tenens, H K Wentworth and Electrolube who all benefit from an abundant local labour supply and excellent transport connections.

According to data gathered during the 2020 ONS Annual Population Census Ashby benefits from a strong labour pool with a local population In Leicestershire of 1.1M to draw from. Of this population, 344,200 (33.4%) are based within Leicester and the remaining 706,200 (66.6%) in one of Leicestershire's 7 district authority areas. In the North West Leicestershire district, there are 103,600 residents.

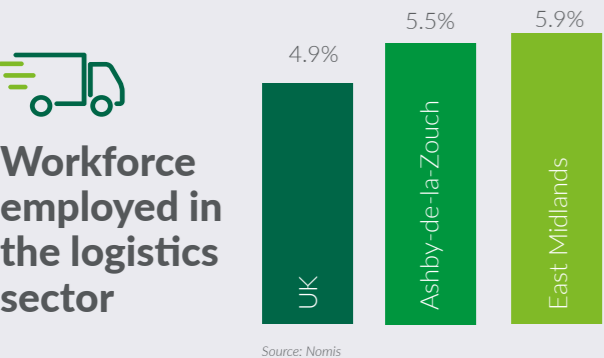

Wage Rates

In 2020 the average workplace earnings for North West Leicestershire District were £566.60 per week compared to a national average of £589.90 per week.

Enterprises

In 2020 there were 43,365 enterprises in the Leicester and Leicestershire area.

Over the period 2011 to 2020 the number of enterprises in the Leicester and Leicestershire area grew by 37.2% compared to a national average of 34.3%.

HGV Drive Times

Job Creation

The proposals will deliver a significant commercial investment and could create almost 1,000 new jobs, bringing major benefits for the local economy, at a time when the need for logistics and economic recovery has never been greater.

Access

The proposed scheme includes an access from Corkscrew Lane providing a more direct link to the A511 and A42.

Travel Plan

A travel/traffic study has been undertaken to explore the travel pattern and behaviour of employees to be assessed in order to identify the need for a potential shuttle bus service as a means of reducing car use.

An imposing build with a premium specification

Enhanced specification
Modern, glazed entrance with LED feature lighting

Location

The vacant brownfield site directly adjoins the strategic road network, which makes it prime for logistics. The Transport Assessment concludes that there is capacity within the highway network to accommodate the development.

Economic impact

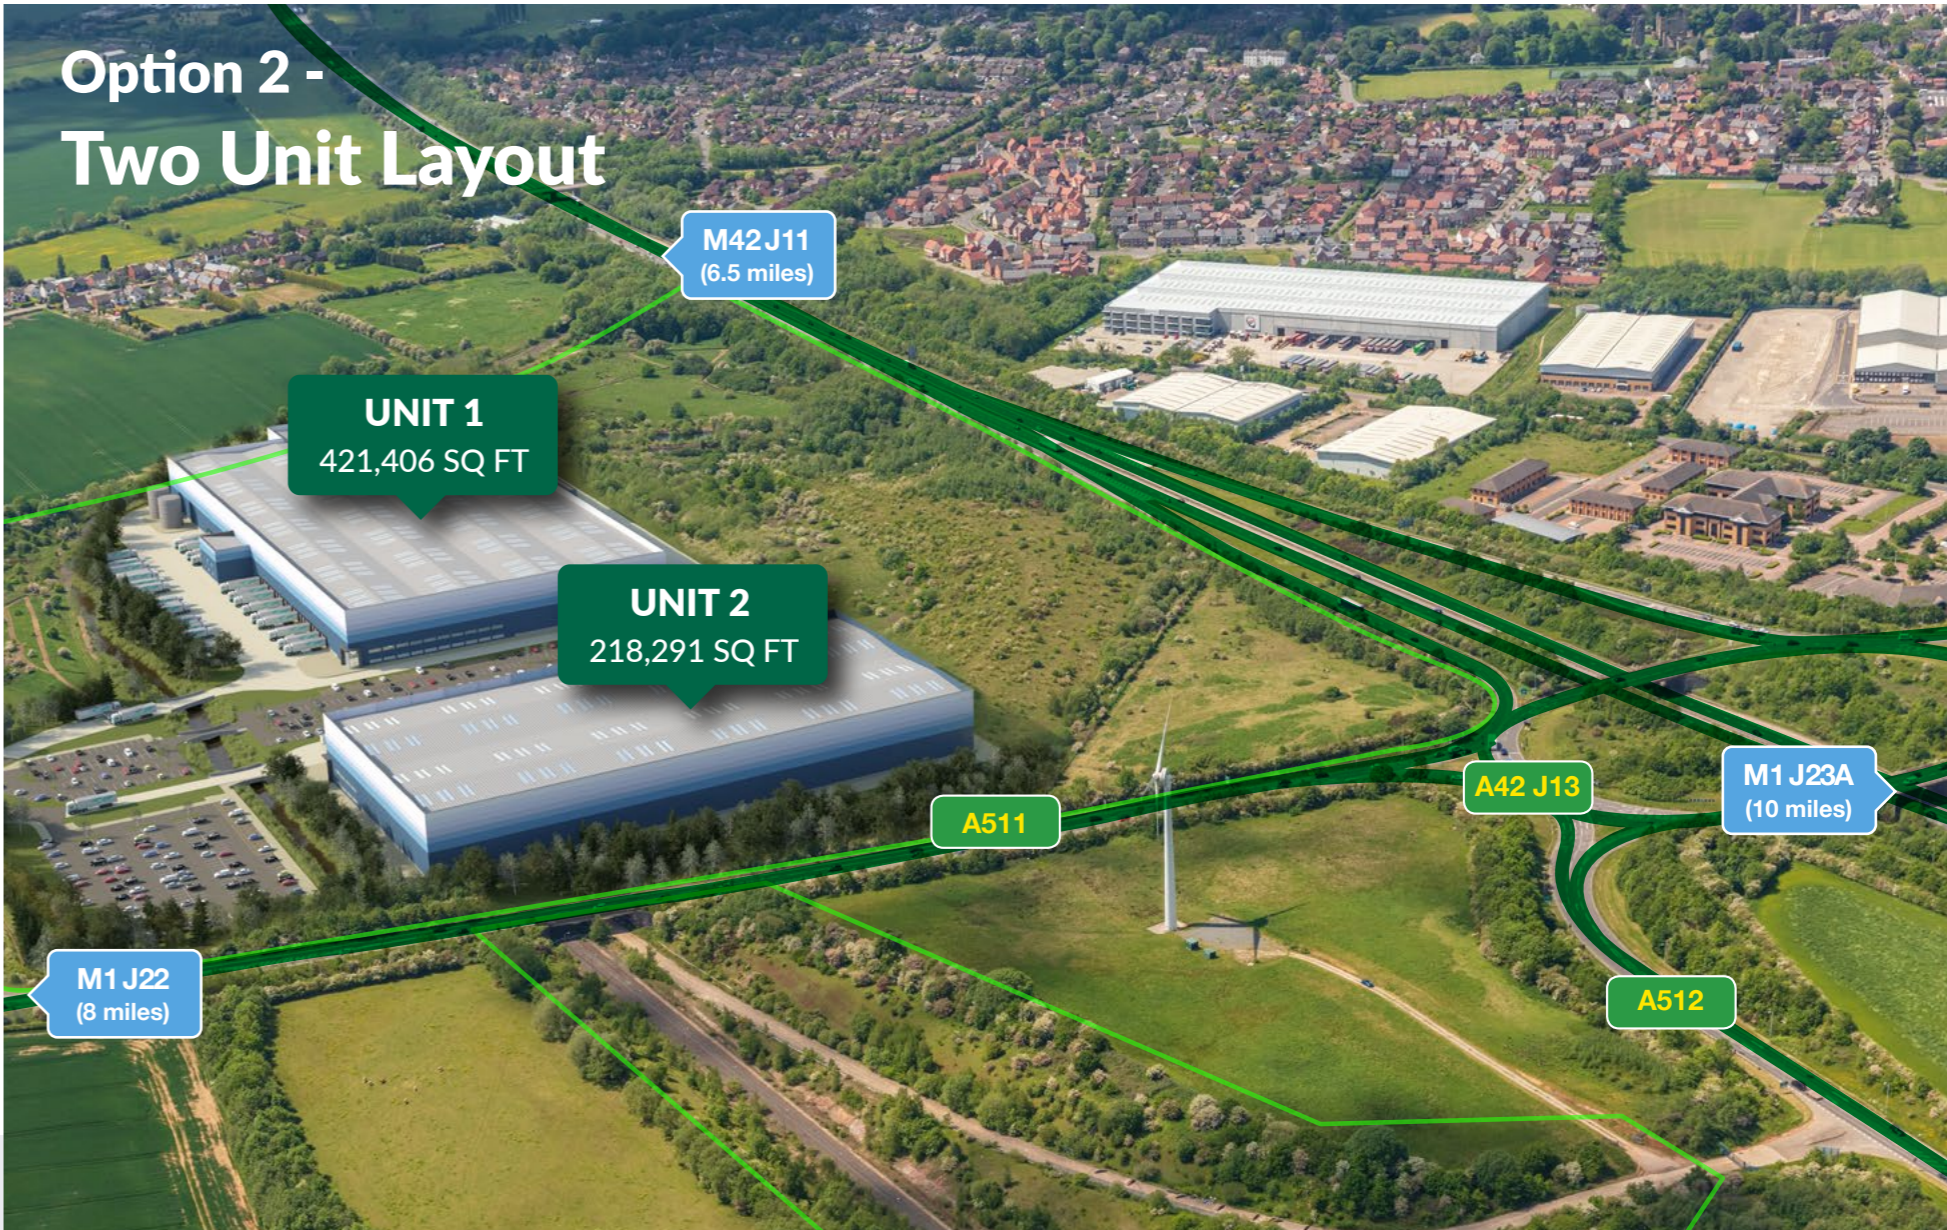

£35m-£45m of annual GVA, equivalent to an increase of 5-6% of North West Leicestershire's annual economic activity from transportation and storage.
£10m-£17m increase in yearly tax revenues accruing to the treasury as a result of the scheme.

Sustainability

BREEAM excellent, EPC A rated development. Biodiversity Net Gain including a financial contribution of £50,000 to relevant cause. Installation and maintenance of a non-mains system for foul drainage.
