The city & location

A home to leading occupiers

The property is centrally located in Trafford Park on Ashburton Road West. Trafford Park was the first purpose built industrial park in the world and to this day it remains one of the largest industrial parks in Europe.

Trafford Park is home to over 1,300 businesses employing over 35,000 people and is globally recognised as a hub of excellence and for the diverse array of businesses in occupation, including: Amazon — Kellogg's — Adidas — Unilver — DHL — P&G.

There are over 120,000 registered businesses located within a 30-minute drive from Trafford Park and over 99.5% of properties in the area are now connected to superfast broadband with Trafford Park also benefitting from 'The Loop', a fibre network able to deliver ultrafast connectivity up to 10Gb/s.

Trafford Park is located approximately 3 miles to the west of Manchester City Centre and provides excellent access to the north west region's motorway network and key arterial roads.

Junction 2 of the M602 is 1 mile to the north and Junctions 9, 10 and 11 of the M60 ring road are within 1.7 miles. The M60 motorway provides access to the M56 and Manchester International Airport which is 10 miles to the south.

Trafford Park is also serviced by a dedicated rail freight terminal which handles approximately 20 daily services to and from Felixstowe, Southampton and London Gateway.

The city & location

Strong, skilled & thriving labour pool

Manchester has 7.6 million people living within a one-hour drive from the city centre (CACI 2021), making it the largest travel to work area of any conurbation outside London.

The Greater Manchester economy has more than doubled in size since 2000, recording an annual GVA of over £105bn in 2020 (GlobalData 2020) and forecast £121bn in 2022 (GlobalData 2022F).

The city of Manchester consistently performs above the UK average GVA per head at £45,072 versus £34,489 (GlobalData 2020). Forecast data for 2022 is also encouraging with the UK average GVA per head at £34,559 versus £52,505 for the city of Manchester (GlobalData 2022F).

The city is thriving as a global brand, well known for its sport, culture, education and commerce and is the third most visited city in the UK.

Strong
labour pool

In February 2020, Manchester was recognised as Europe's 5th best large city for business and has also been recognised by the Economist's Global Liveability Index as the best UK city to live in every year since 2011.

Manchester has the largest regional millennial population in the UK as well as the largest student population in Europe, with over 100,000 students across 4 universities.

The city boasts an impressive graduate retention rate of 51.5%, second only to London in the UK, providing a large supply of talent to the employment market and underpinning the city region's appeal to business.

The city & location

Strategically located & well connected

Trafford Park is located approximately 3 miles to the west of Manchester City Centre and provides excellent access to the north west region's motorway network and key arterial roads.

Prominently located on Ashburton Road West, one of the main thoroughfares through Trafford Park.

The M60 motorway provides access to the M56 and Manchester International Airport which is 10 miles to the south.

The city & location

Best UK city to live

Manchester is and always has been a great place for living life to the full — that's part of the reason it was voted the Most Liveable City in the UK (*The Economist*, 2019) and the 3rd Best City in the World (*TimeOut*, 2021).

From the buzzing urban cool of the city centre and its international cultural attractions to the natural beauty of the Pennines and the Peak District; whether you are interested in music and the performing arts, sport and leisure or history and heritage, there is something to suit every lifestyle in Manchester.

The city is one of the most visited in the UK and being home to more than 100,000 students gives it a real vibrant edge, supporting its ranking ahead of London, New York and Rome as one of the world's most liveable cities.

Living in Manchester, you get much more for your money, an important factor in recruiting and attracting people to work and live here.

Building environments that work for you

Transport+Managing Assets+Workplace+Community+Wellbeing

We're on a mission to create an environment where customers' businesses can prosper and employees enjoy coming to work. G-Plus — an initiative from GLP.

24 dock doors

2 level access

50m yard depth

50m yard depth and suitable for 44 tonne HGV traffic.

FLEXIBLE OPERATION

2 level access doors provide flexibility of movement between the warehouse and service yard for all types of vehicles – including forklift trucks.

BARRIER PROTECTION

The yard also includes barrier systems to help prevent serious damage and minimise risk of accidents.

Warehouse highlights

A modern warehouse with an array of energy saving features

Our floors are designed and constructed using high quality materials and wherever possible are fully recyclable.

Our rooflights provide illumination during daylight hours, combined with energy efficient and intelligent lighting, this provides the optimal energy efficient solution for any type of operation.

Representative images

Energy-efficient LED lighting is used throughout.

Excellent
air tightness

Quality &
premium floor

Max. flexibility
for racking

Optimising
natural light

LARGE VISION PANELS

All our dock doors have large doubled glazed vision panels installed which allow operators to check for a docked vehicle before opening.

OPTIMISING NATURAL LIGHT

Translucent panels provide illumination of the warehouse in daylight hours, reducing any operational requirements for lighting — and the associated running costs.

Creating a modern office environment with cutting-edge enhancements

GLP recognises the importance of the office areas as places for people and the relevance of building design to facilitate health, well-being and productivity. Our buildings are designed to the principles of 'WELL Building' certification, whilst maintaining flexibility to enable ease of customer fit out.

Representative images

GLP washroom facilities are to a market-leading specification.

MODERN RECEPTION

First impressions count. As such, the GLP reception area is contemporary, open, spacious and flooded with natural light.

OPEN PLAN KITCHEN

Open plan kitchen and break out area, providing and supporting a collaborative working environment.

MATERIAL BENEFITS

Contemporary panoramic windows and suspended ceiling tiles. The tiles are 100% fully recyclable and come with a wide range of performance benefits, including sound absorption and good light reflection properties.

GLP can provide customer-specific, cost-effective racking solutions

GLP partners with leading racking suppliers to provide customer-specific solutions. These can be provided by GLP or ordered by the customer with installation managed during the construction process.

Floor design, including joint layouts, is fully coordinated to suit the site-specific racking layouts.

Towards Tomorrow

Our guiding Sustainability Principles

At GLP, we're not just building warehouses, we're building a sustainable future for the logistics industry.

Towards Tomorrow, our commitment to ESG: develop and manage sustainable assets, govern with high ethics, promote well-being and value our ecosystem — goes beyond words. It's embedded in every aspect of our business, from the design and construction of our buildings to how we engage with our communities. We believe that sustainability is not just good practice, it's good business.

BREEAM® UK

1. DEVELOP AND MANAGE SUSTAINABLE ASSETS

We aim to create and manage sustainable buildings throughout their life cycle, offering exceptional service and contributing to a low-carbon future.

3. PROMOTE WELL-BEING

We promote a positive work environment, prioritising a safe, diverse, and inclusive workplace while investing in our colleagues' development and well-being.

2. GOVERN WITH HIGH ETHICS AND TRANSPARENCY

We operate with integrity and honesty, expecting the same from our partners. High ethical standards are fundamental to all our business activities.

4. VALUE OUR ECOSYSTEMS

We strive to adopt a holistic approach to contribute to the preservation of the natural ecosystem and the well-being of the communities surrounding our assets.

SUSTAINABILITY THROUGH TECHNOLOGY

Many of our customers require their warehouse buildings to demonstrate excellent environmental performance.

GLP is now recognised across the world for delivering industry-leading warehouse buildings that continuously exceed our original environmental aspirations, while supporting our customers' business operations in many effective ways.

Ratings and targets

BREEAM® UK New Construction 2018: Industrial (Shell and Core)

RENEWABLE ENERGY FOR ALL GLP REMOVES THE BARRIERS

Our ambition is to become one of the leading renewable energy developers, investors and operators in Europe.

GLP will develop, own and operate the solar projects, removing the capital cost constraint for customers.
